“Sit up straight. Wash your hands. Turns out that’s pretty good advice.”

Work making you sick? (I mean physically.) Poor posture, germs and the wrong tools are the most likely culprits. No worries! Ergonomic. Antimicrobial. We’ve got just the things to keep your space clean and comfy—and you feeling good and working well.

“Germaphobes, this one’s for you”

No harsh chemicals. No odor. Kills bacteria, viruses and other nasty things in as little as 30 seconds with residual antimicrobial protection for 24 hours.

C. Ultimate Germ Defense™ Perfect for keyboards, phones, door handles, shopping carts and just about every nonporous surface you come into contact with. No rinsing required. Nonflammable, noncorrosive. Best of all, germs do not develop resistance to IV-7. Ready to use, no measuring or mixing required.

IMAK®
The Pain Relief Innovators™

IMAK®
The Pain Relief Innovators™

“Man, this thing feels good”

Filled with funky little massaging beads, it’s one of the most comfortable wrist supports out there.

D. Keyboard Wrist Cushion The brainchild of an orthopedic surgeon to help prevent and relieve carpal tunnel syndrome, this truly unique design features ergoBeads™ to actually massage as you type. Conforms to any keyboard and completely supports your wrist and forearm in an ergonomically correct position, reducing stress in your hands, wrists and arms. Cool, comfortable and squeezable, you can even freeze it for extra relief and optimum, long-lasting comfort. Contains 100% post-consumer recycled content.

No.	Color	W × D × H	Unit	Price
IMA-A10160	Black	17½ × 2½ × 1¼	EA	14.99

“Maneuver that mouse in total comfort”

Tiny ergoBeads™ turn mousing into a massaging experience.

E. Wrist Cushion Designed by an orthopedic surgeon to help prevent and relieve carpal tunnel syndrome and that’s what it does. Supporting your wrist and forearm, this cool, comfortable cushion holds your wrist in proper position and creates a massaging effect that eliminates muscle stress. Pop it in the freezer for extra relief. Contains 100% post-consumer recycled content.

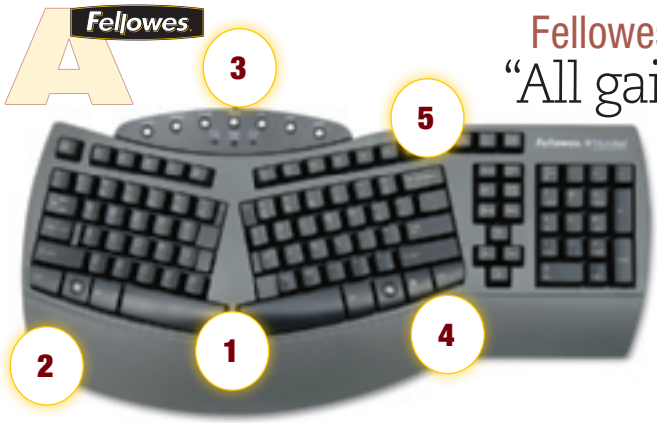
Need it fast? No sweat. Most stuff is delivered next day. Count on it!

Fellowes Microban® Split Design Keyboard

"All gain. No pain. Get comfortable with a keyboard designed to repel aches and bacteria"



A. Microban® Split Design Keyboard Don't wait to be diagnosed with carpal tunnel syndrome to switch over to a keyboard with a more ergonomic bend. This split-key, 3-D design actually conforms to your natural arm and hand positions to take the pressure off and reduce tension in your shoulders, arms and wrists. Built-in Microban® antimicrobial protection fights the uncontrolled growth of damaging microbes such as bacteria to keep your keyboard cleaner longer. Fellowes Smart Design features a 16-character buffer for fast typists and preferred tactile feel. Seven hot keys offer easy multimedia control and one-touch access to the Internet. USB connectivity. Compatible with Windows® 98SE, 2000, Me, XP, Vista™. Manufacturer's limited three-year warranty.

No.	Color	W × D × H	Unit	Price
FEL-98915	Black	19¼ × 9¾ × 2½	EA	41.99

1 COMFORTABLE 3-D, split design forces your hands (in a good way) into a specific angle to take the pressure off your wrists.

2 CLEAN Built-in Microban® antimicrobial protection gives continuous cleaning action, putting a real dent in the growth of damaging microbes that can cause stains and odors.

3 PROGRAMMABLE One-touch Web access and seven hot keys make it easy to launch your default browser, e-mail or favorite apps so you actually do less mousing.

4 RESPONSIVE Keys feature a nice touch—not too hard, not too soft—so you exert just the right amount of tactile pressure.

5 FAST 16-character buffer means it can more than keep up with you lightning-quick typists.

"Ride in comfort"

Palm support glides right along with your mouse to keep your wrist relaxed and your movement natural.

B. Professional Series Gliding Palm Support with Mouse Pad Fellowes' patented Health-V™ Channel features a center groove that reduces pressure on your wrist. Relieving pressure on the median nerve helps prevent carpal tunnel syndrome and the aches and pains that go with extended mousing. Memory foam conforms to the shape of any hand. Flexible harness keeps the palm support and mouse attached. Works on or off mouse pad. Microban® antimicrobial protection keeps it all cleaner longer. Leatherette cover.

No.	Color	W × D × H	Unit	Price
FEL-8037501	Graphite	9 × 11 × ¾	EA	14.99

"Like a mighty wind for electronics"

Blasts away dirt, dust, hair, carpet fibers, smoke particles, crumbs and whatever else has gotten in there.

C. Compressed Gas Duster Use it for computers, keyboards, copiers, printers and more. No CFCs. No HFCs. No butane. No propane. 100% ozone safe and nonflammable.

No.	Size	Qty.	Unit	Price
IVR-51501	10 oz.	1	EA	6.99

KNOW A Little History

Quality, innovation and comfort to the people!

It all started in 1917 with the production of the original Bankers Box®, a true, new-to-the-world product, and for almost 100 years now, Fellowes has continued its commitment to exceptional quality, world-class innovation and excellent customer service. With products ranging from paper shredders (who hasn't heard of Powershred®?) to records storage to a full line of accessories, Fellowes' mission is to help people work more securely, comfortably and confidently. That's why you'll see the Fellowes name on a select assortment of items that are intrinsically ergonomic. Everything from copyholders to keyboards, wrist supports to monitor arms, all designed to help you feel good and be more productive while you work.

11-SD-L1-Feb

"Release the death grip on your mouse"

A pleasingly broad palm area combines with gently curved sides and soft, rubber grips so you can ease up.

D. M510 Wireless Mouse Talk about an all-around awesome mouse! For starters, you get the ergonomic support you need. Then, standard and programmable buttons put convenient controls at your fingertips. Logitech® Unifying USB receiver stays plugged into your laptop for added versatility and is compatible with other unifying mice and keyboards. Side-to-side scrolling means you get to quickly navigate through tunes, web faves and more. On/off switch and smart sleep mode help extend battery life. Batteries required: 2AA (included). Compatible with Mac® OS X 10.4 and Later; Windows® XP, Vista™, 7. 4⅜"w × 9"d × 2¼"h. Manufacturer's limited three-year warranty.

HELP Trends

Don't get sick

H1N1. Staphylococcus aureus. MRSA. Salmonella. E. coli. Influenza A. With the list of potential health threats so long and ugly, who isn't at least a little germaphobic these days? Unfortunately, unless you've been blessed with an immune system of steel, the chances of picking up something are fairly good. Luckily, one of the simplest things you can do to improve your odds is also one of the best.

Wash your hands. Most people underestimate the benefits. In reality, it's one of the most effective ways to prevent the spread of germs. That's according to the Centers for Disease Control and Prevention.

Wash 'em right. Water. Soap. Lather up. Scrub for 20 seconds—that's the secret. Rinse. Dry.

Make a habit of keeping your hands away from your face. Hand-to-mouth, nose or eye contact is the surest way to give germs a way into your system.

Keep the hand sanitizer handy. It's an excellent choice when soap and water are not at your disposal (and in my opinion, one of the greatest inventions of the last century).

"They don't call it SmartFit® for nothing"

Adjustable, modular platforms attach to any size desk space to create a most comfortable keyboarding situation.

E. Modular Platform with SmartFit® System It's all about comfort. Use all three platforms for a big mousing area or remove one to fit smallish desks or your keyboard alone. Low-profile articulating arm adjusts 6" in height, +15°/-15° in tilt and rotates 360° so you can position things just the way you like. Color-coded window lets you adjust platforms instantly to your unique SmartFit comfort color (check out Kensington.com for info). Includes keyboard wrist rest. Mouse tray dimensions included in keyboard platform dimensions. For straight workstations. Manufacturer's limited three-year warranty.

No.	Color	Glide Track Length	Keyboard Tray Size	Unit	Price

"Experience a perfectly positioned monitor"

Just attach your monitor to the monitor arm and tweak until you're feelin' the love.

F. Column Mount Extended Monitor Arm with SmartFit® System Experience reduced eyestrain, less neck tension and an overall sense of comfort and productivity. Arm effortlessly adjusts your monitor vertically and horizontally while dual pivot points bring it in closer or push it farther away. Assembles in minutes. Cable management system reduces clutter. VESA Compliant. Includes column mount arm, SmartFit® System instructions, Allen wrench and screws. Manufacturer's limited two-year warranty.

HELP Print Solutions for the Small/Medium Business (SMB)

A few words about All-in-Ones

They print, copy, scan and fax. Buying one machine costs less than buying four, plus one takes up less space. Practical in so many ways. This you know. Did you also know that the current generation of AIOs offers features that rival stand-alones?

AIOs have come a long way since first appearing on the scene some 30 years ago. Check out what comes pretty standard today. Sharp text, vivid graphics. More printed pages for less. High-speed fax and e-mail. High-res scanning. Ample LCD displays for preview and easy menu manipulation. Auto document feeders. Auto duplexing. Convenient ways to connect: Ethernet, Wi-Fi and USB. And happily, there's mostly no sacrificing print quality or speed. Monochrome or color. Inkjet or laser. Shop it. There's an AIO out there with your name on it.

HELP Solutions for the Large Enterprise Business

Cloud COMPUTING

By now you've heard, it's a way to increase enterprise IT capacity or add capabilities as you need them, only without the investment in new infrastructure, personnel or software. While it's impossible to really get into it here, I offer a few basic definitions to shed a little light on the subject.

SaaS—Software as a Service—Delivers a single application through the browser to thousands of customers. For the customer there's no upfront investment. For the provider, with just one app to maintain, costs are low compared to conventional hosting.

IaaS—Infrastructure as a Service—Cloud infrastructure services (servers, network equipment and software) are delivered over the Internet by the provider.

PaaS—Platform as a Service—Cloud platform services (operating system and associated services) are delivered over the Internet by the provider.

So far, the reception's been mixed. Although the current groundswell of support for the Cloud suggests it ain't going away. To delve deeper, check out InfoWorld's "Cloud Computing Deep Dive" at (www.infoworld.com). The experts there give you the full scoop and help demystify this most critical trend in enterprise IT.

"What? Me worry?"

Nah. Ultra-compact UPS system buys you enough runtime to save & shutdown.

E

E. Internet Office™ UPS System Seamless battery support during brownouts, blackouts and transient surges on AC and dialup modem lines delivers complete power protection for your connected equipment. Six widely spaced outlets accommodate large transformer plugs without blocking outlets. Built-in TEL/DSL line surge suppression protects modems, fax machines or cordless phones on a single phone line connection. USB connectivity and free downloadable PowerAlert monitoring software. Audible alarm and front panel LEDs. $100,000 Ultimate Lifetime Insurance. Manufacturer's three-year warranty. CSA; NOM; UL 1778 Listed.

G

"Got a need for speed? Privacy too?"

With industry-leading security capabilities and print speeds up to 52 ppm, this one's got you covered.

G. LaserJet P4015n Printer Secure performance across your network comes courtesy of advanced IPSec encryption, 802.1X authentication and password protection. Safeguarding sensitive information is as simple as pressing the "folder" button to view stored jobs, entering a PIN on the built-in 10-key pad, and hitting print. Need it fast? Powerful 540 Mhz processor with 128MB memory (expandable to 640MB) handles complex documents quickly. In fact, time-to-completion of a typical office print job can be nearly twice as fast thanks to HP's Instant-On technology. First page is out in less than 8.5 seconds (even from sleep mode). Connect multiple users with the built-in HP Jetdirect Fast Ethernet embedded print server. USB (1 external high-speed, 2 internal) interfaces. Network ready. 1200 × 1200 dpi. 225,000 page monthly duty cycle. 600-sheet input capacity. ENERGY STAR Qualified. Manufacturer's limited one-year warranty.

Conventional thinking suggests that the more something costs the better it must be. Right.

Better wisdom dictates that if you can get that same quality for a better price, you'd be nuts not to go for it. I'm here to tell you, that pretty much sums up what Innovera's all about. Great quality. Great price. In fact, all the quality you'd expect from the big brands, and exceptional prices. In other words—real value. If you've already tried Innovera imaging supplies, you know what I'm talking about. If you haven't, you've been missing out and owe it to yourself to give Innovera a try. Pull up a seat and prepare to be convinced.

Product Line First off, Innovera offers a huge line of supplies for printers, copiers, fax machines and more. Over 500 products (new ones added every month) to work with the most widely used brands out there including HP, Canon, Brother and Dell to name just a few.

Quality Brand Quality and performance are cornerstones of the Innovera brand. I know what you're thinking—"they're all going to say they've got a quality product." Here's the thing, Innovera stands by that claim big time, and with good reason.

Compatible Choice The most important aspect of Innovera product performance is placing the right product in the right machine. Hence their 10-Step Quality Process to ensure optimum compatibility and long-term dependability.

Latest Tech Manufacturing facilities are staffed with expert personnel and the equipment necessary to manufacture cartridges to the latest specs using the highest quality components in the industry.

Rigorous Testing Monthly quality audits and regular spot inspections ensure Innovera cartridges live up to their guarantee to meet the same parameters as branded alternatives, including page yields and image print quality.

High Standards Everything's tested to the standards and guidelines adopted by the Standardized Test Methods Committee (STMC), the American Society of Testing and Materials (ASTM) and the International Safe Transit Association (ISTA).

Great Warranty Of course, all products come complete with the Innovera warranty that guarantees they'll be free from defects in materials and workmanship for a year from the date of purchase. (By the way, use of Innovera products does not void equipment warranties or service agreements.)

"All-in-one awesomeness"

EPSON EXCEED YOUR VISION

For starters, it's the world's fastest in both one- and two-sided printing.

A. WorkForce® 635 Wireless All-in-One Inkjet Printer Sure it's fast, but the 635's got lots of other awesome things going for it. Speed—15ppm black/7.2ppm color. Impressive color. Sharp text. Automatic two-sided printing. Built-in 250-sheet paper tray. 30-page auto document feeder. Extra-high-capacity ink cartridges for about 2x more prints. Individual ink cartridges so you replace only the color you need. Fax documents directly from your PC. Hi-speed 33.6kb/s fax. 2.5" LCD display. Network ready. Ethernet; USB; Wi-Fi interfaces and slots for memory cards. Plus, it uses 70% less power than lasers. ENERGY STAR Qualified. Manufacturer's limited one-year warranty.

KNOW OEM Consumables

Originality Matters

These days, when talk turns to how to improve productivity and maintain costs, the topic of printing inevitably pops up. Fact is, how high any printing setup scores comes down to the performance of the equipment. Truth? It depends in large part on the type of ink and toner cartridges used. That's where these guys come in.

HP, Brother, Canon, Epson, Lexmark, OKI and Xerox. They're some of the best-selling names in the industry today, and for good reason. These powerhouse brands have blazed the trail for cost-effective, viable print solutions, especially for the SMB.

From their perspective, it comes down to quality. With OEM (original equipment manufacturer) consumables, that's just what you get.

Engineered with the highest level of precision, OEM ink and toner products are produced by the same manufacturer of the correlating printer. The result? Dependable performance, pristine print and more printed pages. Next to nil fail rate. Virtually zero probability of leaks. Pure quality all the way around.

HELP Smart Solutions

Get yourself some backup.

Still keeping everything stored on your hard drive, are you?

Gotta say, that's the kind of thing that makes me go, hmmm. What with the plethora of external storage options available, why risk losing your precious digital data to a virus, software glitch or power failure?

You can take it with you. Flash drives are the solution of choice for folks who like the security and convenience of keeping their data close. Fast, feather-light and really small, they let you store or transfer files pretty much wherever, whenever. Want a point of reference?

A 32GB flash drive can store over 640,000 typical Word document pages.

Looking to store more? Of course, if capacity, not portability, is what you're after, go for it. You'd be surprised how economical and compact a 1TB drive can be. What's a terabyte hold? Only 220 million pages of text!

What I like best is that everything I'm talking about is virtually foolproof. In fact, automatic, secure backup and storage can be yours with the touch of a button.

TECH solutions

THE LAST WORD
"To Your Health"

Even if you cover door handles with your sleeve, keep a bottle of hand sanitizer at the ready and flush with your foot, you're not as germ-free as you think. In fact, your desk can harbor 400 times more bacteria than a toilet seat. Yeah, even if they look clean, our desks are gross. In fact, one spot can hold as many as 10,000,000 germs. That's 10 (place pinky to lip) "MILL-ion".

Something else? Even though lots and lots of us are putting in killer hours (the average work week in this country is pushing 50 hours) most folks are not set up to work in comfort. Stiff necks, sore shoulders, eye strain, aching wrists. What a pain. That's why our focus is on health and wellness. You'll find antimicrobial items to decrease the "eeew" factor and ergonomic items that reduce pressure, relieve stress and maximize productivity.

You'll also find all sorts of other tech goodies including print solutions, data storage/backup options, and compatibles, lots of compatibles.

Best of all, just like every month, there are deals to be had. You never know what's in store. Check us out, it's all good for you.

Offers good February 1-28 or while supplies last.
